

Hello parents and guardians!

September, 2022

This is a stand alone email that outlines all of the activities we have planned for Pink Week next week!

My Leadership class has really tried to streamline and modernize all of this information into two formats for your ease and use:

- 1) a Link Tree and
- 2) a one page flyer with QR codes.

Please bear with my student leaders and I as we navigate these newer communications with the email system that I use through our student database.

The linktree is here: <https://linktr.ee/bhspinkweek>

Or, you can simply click on the attachment and use the QR codes to look at, sign up for, or be involved with each individual activity! We really hope many of you choose to be involved with your students next week! Downtown will be painted pink, many of our athletic teams will be in pink and the week is my favorite of the year!!

Our school store, the Paw, will be selling pink week t-shirts next week.

Or, you can go here: <https://www.ivoryvines.com/collections/pink-week-2022> to order a pink week t shirt as well!

I will send a 'regular' weekly email out tomorrow or Friday with the 'regular' stuff. But, I wanted to get this information out, on Pink Week, and how to get involved, during this BAS annual community service spirit week that benefits local cancer care....

Thanks for your attention and involvement! Hope this works well!!)

Gavin J
