

Happy Friday parents and guardians...

5-27-2022

Three-day weekend this weekend, we will see all of our students back on Tuesday...

I will also be sending a separate email out to all senior parents and students for specific information regarding senior end of the year events and information.

Remember to continually check your student's grades as we head to the end of the year... Check their online progress if they are taking a virtual course, check parent connect, have important conversations about areas that need attention. Reach out to a teacher NOW if your student or you need clarification on what needs to be taken care of. The number of 'E's on progress report was very high, kids are letting up as the year winds down...

We are moving our 9<sup>th</sup> and 10<sup>th</sup> graders back up to the main cafeteria starting next Tuesday. We want them to 'learn' how to be upstairs for lunch as we head towards a normal next year where ALL kids will again be in our regular cafeteria.

Remember, you need to pick up all medications housed in our nurse's office by June 15<sup>th</sup>. Students cannot pick these up. All medication left at BHS will be disposed of.

The end of the year assessments for seniors are literally ending at this moment. Seniors are academically done today. The underclassmen assessments take place on June 13 – 15. June 15<sup>th</sup> is a half day that ends at 11:15 and students head out for the summer!!!

Graduation will take place on June 11<sup>th</sup> at 12 noon. The entire community IS invited; gates open at 11. (Rain date is June 12) I would ask that if you do not have a senior that you respectfully allow parents of seniors the 'best' seating. I offer this because we have been doing graduations at the BHS football field the past few years. Before that, we used the indoor stadium at Eastern Michigan University. Both locations have pros and cons. At EMU, we are guaranteed a 70 degree, rain free guaranteed time and date, that is useful for family planning and travel. At BHS, we have proximity and a love for our beautiful home stadium that is important. I will be asking next year's students and parents for their input on this decision... This is YOUR school and I do my best to serve you and your student's wishes regardless of my personal preferences.

That's it for today... Quiet calendar for underclassmen and a BUSY one for senior parents. That email is coming asap!
