Choose how your data is used to show you more relevant ads

Profile data for personalizing ads

Change

Choose how ads appear to you

Yes

Interest categories

Change

See more relevant ads, such as job ads, based on your and similar members' activities on LinkedIn and Bing

Data collected on LinkedIn

Choose what type of data you would like LinkedIn to use to show you more relevant ads

Connections

Close

Choose whether your connections can be used to show you relevant ads

Can we use information from your connections to show you relevant ads, such as job ads?

Yes

Choose Category >
Select Yes or No to
Share Data

Turning this off will make your ads less relevant, but won't reduce the number of ads. Changes typically take up to 48 hours to take effect. [Learn more](#)

Location

Change

Choose whether your location can be used to show you relevant ads

Yes

Demographics

Change

Choose whether your age or gender can be used to show you relevant ads
