

Vision, Mission and Guiding Principles

A committee of students, parents, teachers, other employee groups, community members, and administrators developed the District's vision Learning for Life during the 1993-1994 school year. This statement is intended to provide direction as the staff and community of Brighton Area Schools work together to achieve appropriate educational outcomes for all students.

During the 2001-2002 school year, a District-Wide Assessment Committee was convened for the purpose of providing a framework for the District in assessing the overall effectiveness of the school district and to identify areas of improvement.

The Committee, consisting of parents, teachers, administrators, Board members and the community first updated and reaffirmed the Brighton Area Schools' vision, mission and guiding principles:

Vision

Learning for Life

Mission

Each Brighton graduate is prepared as a lifelong learner to use academic and life skills to be self-sufficient, resourceful, an effective communicator and a productive citizen who contributes to our democratic society within a global community.

Guiding Principles
