

Brighton Area Schools is located in the southeast corner of Livingston County. The district encompasses an area of 56.8 square miles and consists of the City of Brighton as well as parts of the townships of Genoa, Hamburg, Green Oak and Brighton. The area consists of mainly suburban rural development, with the City of Brighton as its center. The City is the major trading center and the site of many small businesses and industries.

The district is located between the metropolitan areas of Detroit and Lansing. Thirty minutes to the south lies the city of Ann Arbor. Due to its location and the convenience of two major expressways, Brighton has become a "bedroom community" of all of these major metropolitan areas. The county is the fastest growing county in the state of Michigan.

The Brighton School District consists of seven schools. Four elementary schools contain grades kindergarten through four; one intermediate school educate students in grades five and six; one middle school for grades seven and eight; and a traditional high school and an alternative high school that each educates students in grades nine through twelve.

In addition, our Community Education Department offers a variety of academic, vocational, leisure and recreational opportunities. These programs and services are developed in conjunction with the K-12 program through our partnership with community agencies, businesses and organizations.

The Livingston Education Service Agency (LESA) serves as the county resource for special education services as well as teacher and administrative support. Located in Howell, LESA serves the six school districts in Livingston County as well as several charter and non-public schools within the county.

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8

MDE Top-To-Bottom Designation

Review the table below listing our schools. The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given.

School Name	Status Label	Key initiative to accelerate achievement
Brighton High School		Common Assessments
Hawkins Elementary		Assessment Literacy/RtI
Hilton Elementary	Reward School (3 rd yr)	Assessment Literacy/RtI
Hornung Elementary	Reward School (2 nd yr)	Assessment Literacy/RtI
Maltby Intermediate		Assessment Literacy/RtI
Scranton Middle School		Assessment Literacy/RtI
Spencer Elementary	Reward School (3 rd yr)	Assessment Literacy/RtI
The Bridge High School		Assessment Literacy/PBIS

Conclusion

Brighton Area Schools continues to be proud of our strong academic and organizational success. All of our schools are in the top 80% of the state with 6 of 7 in the top 90th percentile. This summer three of our schools were once again named MDE Reward Schools, which means that they are in the top 5% of schools in the state. In addition, the district is in the process of completing the second year of a nearly \$88 million dollar technology and facility School Bond. While we are proud of our high student achievement and our new athletic and performing arts facilities, we believe that nothing is as important as the growth of our students – as life long learners. Parents can be an active partner towards this end through involvement with the PTO or by serving on a number of district-wide curriculum and school improvement committees. For more information on how you can get involved in your child's school and/or the district, contact your child's principal.

Sincerely,

Dr. Greg Gray, Superintendent
