

Carbon Cycle Essay – Assessment

You will be writing a two-paragraph essay that covers the benefits and the harmful effects of carbon.

-It must be TYPED and use 12 or 14 size font. Double-space.

-Use you Short-Term Carbon Cycle article, flow chart and other handouts to assist you.

-Be sure to use proper punctuation, capitalization, etc.

-Your paragraphs should be 5-8 sentences in length and include intro sentence, 3 sentences with evidence/facts to support your topic, and a conclusion sentence.

-Be sure to use 4 of the terms from the Carbon Cycle article and chart. Try to **BOLD FACE** or underline these 4 terms. Be sure to explain how they relate to carbon and what form of carbon.

-Remember the tips for writing: Transition words, intro and conclusion sentence, terms from the chart, explain it's meaning and tell why it is harmful/helpful.
